**About ULS Technology:**

ULS Technology (<https://www.ulstechnology.com/>) was admitted to AIM in July 2014. Its mission is to make the home-moving process better for everyone. To date this has been mainly achieved by presenting the consumer, primarily via introducers, with a range of quality conveyancers to choose from at competitive prices via easy-to-use technology. ULS is now going a step further with the development and launch of customer focused online platform DigitalMove (<https://digitalmove.co.uk/>).
